

RAJ Nexus 3-in-1 Wireless Charger

Qi2 Certified Wireless Charging

Model: RAJ-NEX-T3-Q2-BLK
Swiss Brand

User Manual

Version 1.0 – 2026

Product & Regulatory Overview

Product name: RAJ Nexus 3-in-1 Wireless Charger

Product family: Nexus

Product type: Foldable 3-in-1 wireless charging stand

Technology: Qi2 / Qi2.2 certified wireless charging

Intended market: Switzerland & European Union

The RAJ Nexus 3-in-1 Wireless Charger is a consumer electronic device designed for simultaneous wireless charging of compatible personal electronic devices in accordance with the Qi2 standard.

Electrical Information

Power Supply: This product is powered via USB-C and requires a USB Power Delivery (USB-PD) compatible power adapter.

Recommended Power Adapter: Use a certified USB-C power adapter that supports USB Power Delivery (USB-PD) and provides a minimum output of 18 W. For optimal charging performance with the RAJ Nexus 3-in-1 Wireless Charger, a USB-C power adapter rated at 20–30 W is recommended.

Wireless Charging Performance: Charging performance may vary depending on the power adapter used, the device model, and alignment on the charging areas. When multiple devices are charged simultaneously, charging performance may be reduced.

Manufacturer & Responsible Economic Operator

RAJ GmbH
Gaswerkstrasse 9a
8570 Weinfelden
Switzerland

RAJ GmbH is responsible for product conformity, technical documentation, market surveillance cooperation and corrective actions.

Regulatory Notice & Conformity

This product has been designed and manufactured in compliance with applicable European and Swiss legislation, including but not limited to:

- Radio Equipment Directive (RED) 2014/53/EU
- Electromagnetic Compatibility Directive (EMC) 2014/30/EU
- Restriction of Hazardous Substances Directive (RoHS) 2011/65/EU
- Waste Electrical and Electronic Equipment Directive (WEEE) 2012/19/EU

The CE marking affixed to the product indicates conformity with the essential requirements of the applicable legislation.

Document Scope

This user manual forms part of the technical documentation of the product and provides:

- Safety and hazard information
- Intended use and operating conditions
- Regulatory and compliance information
- User obligations and limitations

This document applies to all color variants of the RAJ Nexus 3-in-1 Wireless Charger. Color variations do not affect technical specifications, safety characteristics or regulatory compliance.

1. Intended Use & Product Classification

The RAJ Nexus 3-in-1 Wireless Charger is intended exclusively for **indoor use** for the wireless charging of compatible consumer electronic devices, including:

- Qi / Qi2-compatible smartphones
- Compatible smartwatches
- Qi-compatible wireless earbud charging cases

The product is designed for use in dry residential and office environments and must be operated only with certified external USB-C power supplies.

The product is **not intended** for:

- Outdoor use
- Industrial or medical environments
- Explosive or hazardous atmospheres
- Safety-critical or life-support systems

Any use outside the scope described in this document is considered improper use.

2. General Safety Principles & User Obligations

Read all instructions carefully before first use.

This product has been designed to meet high safety and quality standards. Safe operation depends on proper handling and compliance with the instructions set out in this manual.

The user is responsible for ensuring that the RAJ Nexus 3-in-1 Wireless Charger is installed, operated and used exclusively in accordance with:

- This user manual
- Applicable local electrical and safety regulations

Failure to observe the instructions and warnings may result in electric shock, fire, overheating, damage to connected devices, personal injury and loss of warranty or liability coverage.

The user shall:

- Use the product only with certified, undamaged and properly rated power supplies and cables
- Place the product on a stable, level, non-flammable and heat-resistant surface
- Ensure sufficient ventilation and free airflow around the device at all times
- Disconnect the product from the power supply when not in use for extended periods

The user shall not:

- Disassemble, open, modify or attempt to repair the product
 - Operate the product if the housing, cable or connector is damaged
 - Cover the product or place objects on it during operation
 - Use the product in a manner that could reasonably be considered unsafe or negligent
-

3. Electrical Safety & Fire Prevention

Use only certified USB-C power adapters and cables that comply with applicable safety standards.

Do not use damaged or modified cables or power supplies. Do not expose the product to liquids or condensation.

Place the product away from flammable materials and heat sources. Ensure continuous airflow and do not cover the device during operation.

If the product emits unusual heat, odor, smoke or noise, disconnect it immediately from the power supply and discontinue use.

4. Magnetic Field & Medical Device Safety

The RAJ Nexus 3-in-1 Wireless Charger contains permanent magnets and generates magnetic fields during operation.

Magnetic fields may interfere with the function of certain medical devices and implants, including but not limited to pacemakers and implantable cardioverter defibrillators (ICDs).

Persons with such medical devices must:

- Maintain an appropriate distance from the product
- Consult their physician or the medical device manufacturer before use or prolonged proximity

Do not place the product near medical equipment that may be sensitive to magnetic fields.

Keep magnetically sensitive objects away from the charging surfaces, including credit cards, access cards, magnetic storage media, mechanical watches and similar items. Magnetic interference may result in malfunction, data loss or permanent damage.

5. Electromagnetic Field (EMF) Exposure

The product has been designed and tested to comply with applicable limits for human exposure to electromagnetic fields.

Under normal conditions of use, no special protective measures are required for the general population. Do not modify the device or place metallic objects between the charging surface and the device being charged.

6. Child Safety

This product is not a toy. Keep the product and accessories out of reach of children under 3 years of age.

Children may use the product only under adult supervision. Packaging materials may pose a suffocation hazard and must be kept away from children.

7. Thermal Safety & Overheating Protection

During normal operation, the RAJ Nexus 3-in-1 Wireless Charger and the devices being charged may become warm as a result of wireless power transmission.

To ensure safe operation and prevent overheating:

- Ensure adequate air circulation around the product at all times
- Do not cover the device or place objects on top of it during operation
- Do not operate the product on soft, insulating or heat-sensitive surfaces

The device is equipped with internal temperature monitoring and protection mechanisms. If abnormal temperatures are detected, charging power may be reduced or temporarily interrupted to protect the product and connected devices.

If the product becomes excessively hot, emits an unusual odor, or shows signs of deformation or discoloration, disconnect it immediately from the power supply and discontinue use.

8. Environmental & Installation Conditions

Operate the product only indoors, in dry environments, on flat and stable surfaces.

Do not use the product in bathrooms, kitchens near sinks, or areas with high humidity.

Route cables to avoid tripping hazards or mechanical stress.

9. Foreign Object Detection & Metallic Object Safety

Do not place metal objects such as coins, keys or jewelry on the charging surfaces.

Foreign metallic objects may cause overheating or interrupt charging. The product includes foreign object detection (FOD) for safety.

10. Normal Operation

Place only compatible devices on the designated charging areas. Ensure correct alignment for optimal charging performance.

Temporary charging interruptions may occur due to misalignment, thermal protection or foreign object detection and do not indicate a malfunction.

11. Abnormal Operation & Fault Conditions

If charging does not start, stops repeatedly, or if unusual heat, odor or noise occurs:

- Disconnect the product immediately
- Remove all connected devices
- Allow the product to cool down

Do not continue to use the product if abnormal conditions persist. Contact authorized support.

12. Cleaning & Maintenance

Disconnect the product from the power supply before cleaning.

Use a soft, dry or slightly damp cloth. Do not use solvents or abrasive cleaners. Do not immerse the product in water.

There are no user-serviceable parts inside.

13. Prohibited Modifications & Accessories

Do not modify the product or use non-approved accessories.

Unauthorized modifications may result in safety hazards, loss of conformity and loss of warranty.

14. Disposal & WEEE Compliance

This product must not be disposed of with household waste.

Dispose of the product in accordance with applicable WEEE regulations via authorized collection or recycling facilities.

15. Warranty

The RAJ Nexus 3-in-1 Wireless Charger is covered by a limited manufacturer's warranty in accordance with applicable Swiss and European consumer protection laws.

The warranty covers defects in materials and workmanship under normal and intended use as described in this manual.

The warranty does not cover damage resulting from misuse, abuse, improper installation, use of non-approved accessories, unauthorized modification or repair, liquid ingress, external impact, or normal wear and tear.

Warranty rights are in addition to, and do not affect, mandatory statutory rights of the consumer under applicable law.

16. Limitation of Liability

To the maximum extent permitted by applicable law, RAJ GmbH shall be liable exclusively for damage caused by willful misconduct or gross negligence.

Any liability for indirect, incidental or consequential damages, including but not limited to loss of data, loss of profit or business interruption, is excluded to the extent legally permissible.

RAJ GmbH shall not be liable for damage resulting from failure to follow the instructions, safety information and intended use described in this manual, or from the use of non-approved accessories or power supplies.

Nothing in this section limits or excludes liability that cannot be limited or excluded under applicable Swiss or European law.

17. Traceability & Identification

Each product is identified by its model number and batch or serial number for traceability and quality control.
